**"Home, Sweet Home!"**  
New York men, who had not been of the city for many years, fished away in the streets of the country. He was only recognized by putting a desk to his nose, when he slowly replied, claiming, "That is good—that smells like home!"

When Eugene was made Emperor of France other guests refused to recognize the plesian interloper. Victoria yielded first, the Queen of Spain, then the Queen of Portugal, and now the Empress of Austria, proud of them all, is about to visit her.

CONVERSATION.—Some men are very entertaining for a first interview, but after that they are exhausted and run out; on a second meeting we shall find them very flat and monotonous, like hand-organs, we have heard all their tunes.—Ogden.

DISPUTING.—If thou continuest to take delight in idle speculations, thou mayest be qualified to combat with the Sophists, but will never know how to live with men.—Socrates.

Local and Miscellaneous

**TO ADVERTISERS.**—The Union-Advertiser is the largest daily newspaper of Utah. Its circulation is every morning, and it is the only paper published in the Territory. It is the only paper that gives the people a whole week's news. It is the only paper that is published in the Territory. It is the only paper that is published in the Territory.

We never display advertisements in double columns. Will our patrons please remember, this rule of our office. It will save them and us considerable annoyance and correspondence.

The Empress Eugenie was 40 years old on the 5th inst.

Mason, of Trent notoriety, is staying at St. Lawrence Hall, Montreal, Canada.

William Trapp has been confirmed as Surveyor-General for Dakota.

J. M. Thompson, Esq., started for Fort Bridger last evening.

**PERSONAL.**—Major Gallagher of Rush Valley is in town for a day or two.

Gen. Connor leaves New York for Salt Lake City to-day.

The annual revenue of the established church of England is equal to \$300,000,000.

We judge from many paragraphs in the papers that the "tiding hoop" are even more tilted at than tiding.

We have enjoyed another abundant fall of rain since Saturday morning. The office of water master goes begging now-a-days.

The term "Fenian" is derived from the name of a kind of militia established in the old days of Ireland before the extinction of native Kings.

Susan B. Anthony denounces Sumner as an antagonist to female rights—caring more for the sable skin of the negro than for the black eyes of lovely woman.

A young lady just out of her teens is the Latin and Greek Professor of a Kansas college. Truly, a "most sapient and reverend youth."

Two counties in California are expected to produce five years hence a wine crop double the entire yield of the United States in 1860, which the last census put at 1,700,000 gallons.

**IDAHO INDEX.**—The above is the title of a new weekly published at Silver City, Idaho Ter. Its typographical appearance is good, and its Democratic sentiments are advocated with considerable ability.

WENDELL PHILLIPS, in a late lecture, said: "One thousand men conceived and engineered the Rebellion. And if, five years ago, God had been pleased to take them to Himself—or drop them the other way—there would have been no Rebellion."

**INDIANS IN IDAHO.**—We learn from our Idaho exchanges that the red-skins are making things lively in that Territory. They killed ninety-four Chinamen and several whites in one day, and for the time being appear to have a little the best of the United States troops.

**KATE'S DIAMONDS.**—A reliable gentleman at Owyhee, just returned from New York, took some pains to inquire into the truth of the diamond story that Lyon told about the diamonds when he came out here last fall, and he found it to be false in every particular. It is treated in New York as a good joke, and known to be one of "Lyon's big lies." He exhibited considerable ingenuity in making it up. —*Motestman*

**GOVERNMENT FREIGHT.**—The Omaha papers say that preparations are being made for the erection of immense government warehouses at that point. They claim that all the government freight for the Plains which has heretofore been shipped from Leavenworth is hereafter to be sent from Omaha. If this is so it will be a great loss to the business of Leavenworth.

**DETAILS OF THE BOMBARDMENT AT CALLEJON.**—Two of the Spanish vessels were disabled early in the action, and that the Spanish iron-clad was pierced by an eight-inch rifle projectile, the shot penetrating through her fire-ship armor and imbedding itself in the wooden backing. The loss in killed and wounded is reported to be about equal on both sides. According to accounts received from the United States steamer Vanderbilt, the Spaniards, at the close of the action, were in no condition to renew the fight. Little damage was done the city, as the attacking party were provided only with solid shot.

**A NOVEL SUGGESTION.**—We present to-day's issue an editorial article from the Auburn (N. Y.) Union, on the question of polygamy. The Union is regarded by many as the semi-official organ of Mr. Seward, and we observe that he was announced to speak to the citizens of that town on the evening of the same day this editorial was published. The idea of sending Joseph Smith, Jr. to Utah as Governor is a new one, and in many respects worthy of serious consideration.

The suggestion of the Union is not by any means an improbability. It is feasible, and may, to nearer a consummation than is now thought possible, by many residents of Utah.

We commend the editorial to a careful perusal by Esint and Gentile. We may have something more to say upon the subject in a day or two.

The St. Louis Democrat of May 15, says: "A great many newspapers are trying to kill Gen. Cass. Meanwhile the General stubbornly improves in health."

The "New Age," an Odd Fellows' journal, published weekly, is San Francisco. It is the official organ of the Odd Fellows of the Pacific coast, and is a full of valuable intelligence pertaining to the order. We observe in the number before us a history of the lodge we hailed from while in the Golden State, which is correct in every particular. The journal is furnished to clubs of twenty-four dollars a year—to clubs of ten at four and one half dollars a year—to single subscriptions at five dollars. We cordially recommend the New Age to the patronage of the Odd Fellows of Utah. Mr. Diehl of this city will receive subscriptions.

**PROGRESS.**—We have now on the road thirty-two thousand pounds of newspaper material, one newspaper power press and one job power press. We expect when these arrive to present to our patrons a daily and weekly edition equal, to say the least, with any journal published between the river and California. In the meantime the Vedette is the most advantageous advertising medium in these four central Territories. It is a live newspaper—owned and controlled by men who know no such word as "fail," and who have determined it shall herald to the world the downfall of Polygamy in Utah. We ask all men who reside in these central Territories to continue to us their subscription and advertising patronage.
